Degrees, Certificates and Diplomas Conferred

The Bachelor of Applied Science or Bachelor of Science Degree is designed as a career-oriented degree for professionals and students who have earned an Associate degree. The program includes general education, upper division coursework and a capstone course where students apply knowledge gained through their coursework.

The Associate in Arts degree is equivalent to the first two years of a four-year bachelor's degree program. The Associate in Arts degree enables students to continue their studies in baccalaureate programs at colleges and universities offering upper-division course work.

The Associate in Science or Associate in Applied Science degree is offered in career-related areas and is designed to provide immediate entry into the job market. In addition, some courses may transfer to universities to allow students to continue in baccalaureate programs.

The College Credit Certificate consists of college-level courses within an Associate of Science or Associate of Applied Science program that prepares students for entry into employment.

The Applied Technology Diploma consists of courses within an Associate in Applied Science or Associate in Science degree and leads to employment in a specific occupation.

The Advanced Technical Certificate consists of courses within an advanced specialized area that is designed to supplement a student's earned associate or other degree.

The Post Secondary Adult Vocational Certificate is a workforce award that prepares students for employment.

The Educational Prep Institute Certificate prepares bachelor's degree holders for transition into teaching careers.

PALM BEACH STATE COLLEGE ACCESS AND OPPORTUNITY SCHOLARSHIP

This $500 award is presented to the outstanding graduating sophomore who exemplify the goals of diversity in higher education.

Academic Attire

The academic attire worn at commencement ceremonies today is based on a history of tradition which began in medieval Europe. At a time when the general type of clothing worn was the robe or gown, individual rank or wealth was indicated by colors and materials. As trades, professions, guilds and universities developed, distinctive variations came into being to identify the various members' individual affiliations.

Universities gradually modified the gowns, capes, hoods and caps into distinctive forms to identify an individual's level of academic achievement. In the 1890s, American colleges and universities agreed upon a somewhat uniform application of the academic regalia. Typically, scholars with the bachelor's degree wear the unadorned black robe. Those with the master's degree also wear a hood lined with the colors of their college and trimmed with the specific color designated for their academic discipline area. The doctoral degree robe additionally has three velvet bars on each sleeve, and the hood is more ornate.

At Palm Beach State College, all graduates wear a black gown and mortar board with tassel except Bachelor's degree graduates will wear a green gown and mortar board with tassel. In addition, the following are the approved academic regalia for Honor's society members: Dr. Floyd F. Koch Honors College – Medallion; Dental Honors Society - White stole with blue edging; Radiography Honors Society - Gold stole with Greek burgundy letters (Lambda Nu) & Maroon tassel; Respiratory Honors Society - Gold pin; PSI Beta – Medallion; Phi Theta Kappa - Gold stole with blue Greek letters and gold tassel with Greek letters; Phi Theta Kappa approved officers - medallion. Faculty and staff members wear the traditional attire of the college or university which conferred his/her degree.
